Round table: Presentation and discussion of full papers, Friday 26 July, 10.30-12.30 pm: *Chair R. Patulny*

McKenzie, J. 'Recognizing decentered intersubjectivity in social experience'

Fitzpatrick, P. and Olson, R. 'A rough road map to reflexivity in qualitative research into emotions'

Godbold, N. 'Researching emotions in interactions: seeing and analysing live processes'

Bellocchi, A. 'Sociological Approaches and Methods for Naturalistic Inquiry on Emotion in Educational Settings'

Keynote speaker

Professor Jody Clay Warner, University of Georgia, USA, is the Meigs Professor of Sociology, and Chair of Emotions Section of American Sociological Association. Her presentation will be on 'Measuring Emotional Response,' noting that one of the greatest challenges facing sociologists of emotion is finding appropriate ways to measure emotional response. Professor Clay-Warner presents new research on the use of infrared thermography as a non-intrusive measure of emotion. She discusses efforts to develop this new methodology.
